## **Art. 7 Vehicle equipment (incl. instruments and clocks)**

- 7.1 All vehicles must be fitted with safety belts, if fitted to the vehicle at the time of manufacture. We strongly recommend to comprehensively fit the vehicles with the equipment stated in Section 5 of the Regulations in the current Annex K to FIA.
- 7.2 Additional equipment in the vehicle: All mechanical and/or digital clocks and measuring devices for recording personal track times are permitted. These privately recorded track times will not be published nor posted. It is also prohibited to announce them to the organisers.
- 7.3 All telemetric data transmission is prohibited.
- 7.8 In accordance with Section VII-B - Application of safety measures in Switzerland - the installation of cameras or image capturing devices must be approved by the technical marshals during the technical checks prior to the start of the run.

## **Art. 8 Drivers' safety equipment**

- 8.1 Although voluntary, all drivers are strongly advised to wear a head and neck support device (e.g. HANS). All participants must wear safety belts (if fitted to the vehicle at the time of manufacture) and safety helmets at all times during the runs.
- 8.2 All drivers **must** wear flame retardant clothing (recommended, but not compulsory: flame retardant underwear, face protection, gloves, racing boots, etc.) and a **safety helmet** in accordance with the list of **approved helmets in 2023** - please refer to the list of approved safety helmets published on [www.motorsport.ch](http://www.motorsport.ch) - during the runs.

Drivers not wearing an approved safety helmet and no flame retardant clothing will not be admitted to start the run.

## **Art. 9 Permitted drivers**

- 9.1 By submitting their registration, all drivers confirm that they are psychologically and physically able to drive the performance runs.
- 9.2 Drivers are recommended to obtain a medical certificate confirming their ability.
- 9.3 It is prohibited to carry co-drivers.

- 9.4 Passengers are permitted in pre-war vehicles built between 1905 and 1946 and two seaters that are equipped accordingly. Both driver and passenger must wear the protective clothing as stated in Art. 8.2. The technical marshals check the vehicles and issue all vehicles that have passed with a corresponding sticker that must be attached in a clearly visible location. Both driver and passenger must also sign a document for the exclusion of liability for accidents in accordance with Art. 12.4.

#### **Art. 10 Request to participate and registration**

- 10.1 Registrations are accepted once the invitation has been published. Registrants must use the official registration form and mail it to:

Verein Arosa ClassicCar, c/o Arosa Tourismus, Chantal Baron, Poststrasse 27,  
7050 Arosa, CH

Closing date: 31/05/2025, 12:00 pm (postmark)

Faxed or emailed (rennsekretariat@arosa.swiss) registrations must be confirmed in writing by the closing date by providing the information required on the registration form in writing.

**Electronic registrations at [www.arosaclassiccar.ch](http://www.arosaclassiccar.ch)**, the organisers' website, must be submitted by the closing date. The date and time of submission forms the basis for compliance with the closing date. Incomplete registrations will be rejected.

- 10.2 **The maximum number of participants** in all qualifying classes is **176**. The Arosa Alpine Performance can be entered by invitation only. The organisers select participants within a reasonable period from the closing date.
- 10.3 "X" registrations for drivers are permitted. Each "X" registration incurs an additional registration fee of CHF 50.00. The name of "X" must be announced no later than at the document check for the respective vehicle.
- 10.4 After the closing date, the vehicle may only be changed at the time of the technical check of the respective participant.\*
- 10.5 After closing date, the driver may be changed until the document check of the respective participant.\*

**\*The magazine is printed after the closing date. Any changes submitted at this time can no longer be taken into consideration.**

- 10.6 Selection criteria for vehicle registrations in all classes: As a general rule, in the event of several similar/identical vehicles being submitted, the vehicle with the more valuable racing history is given preference. If the racing histories are virtually identical, the FIA HTP will be classed as higher than the FIVA ID card and the latter higher than the FIA HRCF.

### **Art. 11 Registration fee (1 x driver fee)**

- 11.1 The registration fee is:  
CHF 2'076.00 with organisers' advertising on the start number  
CHF 2'576.00 without organisers' advertising on the start number  
(incl. 2.5% VAT / CHE -105.768.126 MWST)  
The registration fee is due after the registration has been confirmed.
- 11.2 The registration fee **must be paid within 10 days from receipt of the confirmation of registration.**
- 11.3 The registration fee (driver fee) always contains the premium for the organiser's liability insurance (Art. 12.2) plus the following services:  
- the required start numbers  
- 1 souvenir to remember the event from the organisers  
- provisional invitation in accordance with Annex I at the end of the invitation
- 11.4 The registration fee is refunded in full should a registration be rejected. Participants withdrawing their registration in writing by the Monday before the event (postmark) receive a refund of their registration fee less 30%. No registration fee is refunded after this date.
- 11.5 Participants with pre-war vehicles as described in above Section 6.1. who have registered for the Alpine Performance, whose start has been confirmed by the organisers and who can prove that they have to travel more than 1,000 km to the event receive CHF 500.00 compensation toward transport costs. Their journey is calculated with Google Maps using the "Car" option. Payment is made once the vehicle has been approved by administration on condition that the participant enters the originally registered vehicle at the start line, or a replacement pre-war vehicle in exceptional circumstances in accordance with Section 6.1. For administrative purposes, the compensation for transport costs is exclusively paid out to the participant and only against receipt.

### **Art. 12 Responsibility and insurance**

- 12.1 All participants drive their cars at their own responsibility and risk. The organisers shall not assume any liability for personal injury and material damage to drivers, helpers and third parties. All drivers are solely responsible for arranging their own insurances.

- 12.3 The organisers' liability insurance remains in effect for the entire duration of the event, both during the runs and movements from the paddock to the track and back.
- 12.4 By participating in the event, all drivers waive any rights to compensation for accidents that the drivers or their helpers may experience during the runs, on the drive from the car pars to the track and back, etc. This waiver applies with regard to the organisers as well as the various officials, other drivers and helpers.

#### **Art. 13 Reservations, official wording**

- 13.1 The organisers reserve the right to supplement the regulations or issue additional terms and conditions which form an integral part of the regulations. The organisers further reserve the right to cancel or discontinue the event without needing to pay any compensation in the case of there not being enough participants, force majeure or unexpected incidents.
- 13.4 In the case of dispute regarding the interpretation of the regulations, the **german** text shall be authoritative at all times.

## IV Obligations of participants

#### **Art. 16 Advertising**

- 16.1 The optional event advertising (see Art. 11.1) comprises:  
- Start number with advertising of one or more sponsors  
- Maximum 3 advertising stickers of the main event sponsor and must be placed as follows: Bonnet and sides  
The company names on the optional event advertising will be announced no later than in the final instructions.
- 16.2 **Drivers in the Arosa ClassicCar who publish advertising in the paddock tent must activate an advert of their choice in the official programme. If no advert is activated in the programme, the advertising in the paddock tent must be covered or removed.**

#### **Art. 17 Flag signals, conduct on the track**

- 17.1 A vehicle equipped as described below drives along the track to signal the closure and opening of the track:

**RED** flag  
**GREEN** flag

**Track closed**  
**Track open**

- 17.2 During the runs, the following flag signals may be used. They must be followed at all times:
- |  |  |
|--|--|
| <b>RED</b> flag:                                     | <b>STOP</b> without question and delay   |
| <b>YELLOW</b> flag:                                  | = Strictly <b>no overtaking</b>  |
| 1x waving:   | <b>DANGER</b> at the roadside. Reduce speed, drive carefully and keep ready to stop. TRACK fully or partially CLOSED |
| <b>YELLOW</b> flag with <b>RED</b> vertical STRIPES: | Slippery surface, deterioration of the track conditions  |
| <b>LIGHT BLUE</b> flag:                              | Waving: Fast vehicle is getting ready to overtake  |
- 17.3 It is strictly forbidden to move a vehicle contraflow or across the driving direction without being instructed to do so by the officials or Sport Manager. Any violation of this rule will result in immediate disqualification.
- 17.4 If drivers have to stop the run due to a **red** flag being waved or because the track is closed, they must **park their vehicles immediately at the roadside and remain in their vehicles** (to keep a clear path for emergency vehicles). They must then continue the run toward the finishing line as instructed by the Sport Manager (no return to the start line, no repeat of the run).
- 17.5 In the event of drivers having to abandon the run due to mechanical / other damage, they must park and leave their vehicles immediately outside the track area. They must follow the instructions of the officials in such case.
- 17.6 Overtaking is permitted as soon as the track marshals display the **LIGHT BLUE FLAG**.

## V Vehicle check

### Art. 19 Technical vehicle check

All vehicles must be presented for the vehicle check in order to identify the vehicle and check the safety measures.

## VI Event details

### Art. 20 Start, finish, runs

- 20.1 All vehicles start with their engines running. They will generally start in the order of their start numbers. However, the Race Management may adjust the start order to suit the conditions.

### **Art. 21 Training**

21.1 Training is strictly prohibited. Violations of this rule may lead to disqualification from the event. The Graubünden police department is planning corresponding random checks.

### **Art. 22 Runs**

22.1 The runs take place according to the organisers' detailed timetable which will be sent out together with the final instructions.

22.2 The event will take place in 6 runs (2 on Friday, 2 on Saturday and 2 on Sunday).

## VII Scoring and complaints

### **Art. 26 Scoring**

26.1 This is not a race within the meaning of Art. 16a ISG FIA, meaning this is not a test with a competitive character, which is why no results are published. No time is therefore scored and no ranking prepared.

### **Art. 27 Complaints**

27.1 Complaints against the classes and class allocations, the organisers or decisions made by the judges are prohibited.

## VIII Special regulations

### 10.1 SB Co-driver

In the Alpine Performance / Demo co-drivers are not allowed. Also a double start and driver change during the race.

### 10.2 SB Parking Obersee

It is **strictly forbidden** to drive the participant vehicle from the trailer parking lot at Obersee to the paddock without a number plate, as these are public roads. The KAPO GR will carry out appropriate controls and issue fines.

Access for trucks with a total width in excess of 2.30 m  
Access for cars with trailer with a total width in excess of 2.30 m  
Permit: All vehicles with a total width in excess of 2.30 m must apply for a special permit from the Graubünden police department. Information on permits can be obtained from the Graubünden police department between 8:00 am and 11:00 am and 2:00 pm and 4:30 pm by calling +41 81 257 72 50.
